NOTICE

Dear experts and scholars:

2025 4th International Conference on Cyber Security, Artificial Intelligence and the Digital Economy will be held in Malaysia on March 07-09, 2025. CSAIDE 2025 is to bring together innovative academics and industrial experts in the field of digital economy, artificial intelligence to a common forum. The primary goal of the conference is to promote research and developmental activities in digital economy, artificial intelligence and another goal is to promote scientific information interchange between researchers, developers, engineers, students, and practitioners working all around the world. The conference will be held every year to make it an ideal platform for people to share views and experiences in electronic information engineering and data processing and related areas. We warmly invite you to participate in CSAIDE 2025.

Important Information

Conference Date: March 07-09, 2025

Conference Venue: Kuala Lumpur, Malaysia

Conference Secretary: Belinda Hanna

Tel: +86-13146094131(We Chat) E-Mail: shima01981@gmail.com

Attachment:

Publication

All accepted full papers will be published in ACM ICPS (ACM International Conference Proceeding Series) and will be submitted to EI Compendex / Scopus for indexing..

Call For Papers

- I. Cyber Security (Active Defense Systems Adaptive Defense Systems, Analysis, Benchmark of Security Systems, Applied Cryptography, Authentication, Biometric Security, Complex Systems Security, Database and System Security, Data Protection, Data/System Integrity, Distributed Access Control, Distributed Attack Systems, Denial-of-Service, High Performance Network Virtualization, High Performance Security Systems, Security in Cloud and Grid Systems)
- II. Artificial Intelligence (AI Algorithms, Natural Language Processing, Fuzzy Logic, Computer Vision and Image Understanding, Signal and Image Processing, Speech and Natural Language Processing, Computational Theories of Learning, Information Retrieval and Fusion, Hybrid Intelligent Systems, Intelligent System Architectures, Knowledge Representation, Knowledge-based Systems)
- III. Digital Economy(Information economy, Big data economy, Artificial intelligence and internet economy, Engineering economy and cost analysis, Econometric modeling and empirical issues, E-commerce, E-banking, High-speed infrastructure, Digital content and green icts, Information and attention economics, Producing, distributing and sharing information goods, Multilevel governance of the digital space)

Program

Date	Time	Programme
March 07	13:00-17:00	Registration
March 08	09:00-12:00	Keynote Speeches
	12:00-14:00	Lunch
	14:00-18:00	Oral Presentations
March 09	09:00-12:00	Academic Investigation

Registration

- I. 570 USD/ paper (8 pages), begin at page 9, 60 USD/ extra page
- II. Attendees without Submission, 180 USD/ person
- III. Registration fees include conference proceedings, lunches, souvenirs and attending all technical sessions. The registration fee does not include accommodation, visa application fee, transportation fare.
